

Ceiling Air Conditioning Vent Cover

Improve the comfort level in your home!

If air-conditioning vents and grilles are not properly covered, Icy cold air is getting **in** and your heat is getting **out**.

It's a costly combination that affects the comfort of thousands and thousands of homeowners each year.

What can you do?

Turn to **A-C DraftShields**, of course. It's the inexpensive way to save on your heating bills every year. AC DraftShield covers can be attached to most vents or grilles and will provide a draft proof seal.

Stay warm and comfortable winter after winter with the patented, reusable **A-C DraftShields**.

- ✓ Improves the Comfort of your Home.
- ✓ Seals better than any Magnetic Cover.
- ✓ Lock Out Icy Drafts and Keep in Heated Air.
- ✓ Saves Energy, which will Save Money.
- ✓ Easy-to-Install (no tools required).
- ✓ Seal off unused rooms year-round.

Energy Savings

NOTE: These energy savings numbers were calculated by the Chu and Gassman Engineering Company and have been reviewed by public utility companies.

DraftShield Product Type	Energy Loss BTU Per Year	Oil Gallons Saved Saved Per Year	Gas Therms Saved Per Year	Savings Per Year Oil / Gas
Central Air Heat Loss	13,082,283	95	131	\$260 / \$224

**Savings Calculations based on June 2009 energy cost of \$1.735 per therm of natural gas and \$2.75 gallon on No. 2 fuel oil*

The patented AC DraftShield cover is designed to seal to the ceiling not on the grille, for a complete draft solution.

Product No.	Size
CA1212	Fits square registers up to 12" x 12" or less
CA1414	Fits square registers up to 14" x 14"
CA1608	Fits rectangular registers up to 16" x 8"
CA2418	Fits rectangular registers up to 24" x 18"
CA1818	Fits square registers up to 18" x 18"
CA2424	Fits square registers up to 24" x 24"
OC5030	Electrical Outlet Cover fits two plug outlets

All AC DraftShields include a foam gasket and fastening system.
